Hayden

I want to thank you personally for the great work carried out at our home. The new windows, french doors. Have completely changed our home inside and out. I wish to highly commend the workers on site who completed the works effeciently, cleanly, expertly and to make things even better, on time.

I have been recommending Costello's windows to all my family and friends and would have no hesitation in using the company myself again in the future.

I wish you well in your future business Hayden.

Kind regards

Yvonne and Daithi O'Connell

Limerick.
